

SUNTRICA

Powered by the Sun

move SolarStrap™

Do you often find yourself on the move with a low battery and no way of charging it up? With Suntrica MOVE you can give your mobile devices an eco-friendly energy boost wherever you go!

Excelling in adaptability, portability and timeless design, Suntrica MOVE solar charger provides instant power supply for e.g. mobile phones, tablets, mp3 players, GPS, and cameras for the people on the go.

Simply attach MOVE into your handbag, golf bag or motorbike so it can gather solar energy while you're out and about - then connect it to your device with your USB-cable when it needs a boost!
